Can I have a different attorney? Says her current attorney does not want to talk to anyone she wants him to. Shoal Creek Detective (Aaron Benson) wants her attorney to call him as she has several cases from all over coming in. KCK Detective (Steven Brown) said 2 people ID her there and the DA wants to press charges. She talked to these detectives two weeks ago. She is wanting to know what charges they are going to file and the Detectives told her to have her attorney call them to find out. Basically she is wanting to know what new charges are coming. She has a receipt for the mouth swap she gave him, case number 09112-6B.

Aaron Benson, Shoal Creek Patrol Division Property Division 816-413-3425

I told her we cannot do anything for her in Kansas and some may find just our calling to find out charges from the detective as representing her. We can however see what is going on in MO / Jackson County.
